

# Join Us to Learn About

National Cancer Control Planning integrating Children, Adolescents & Young Adults (NCCP iCAYA) 2026 via **two interactive office hour sessions**

## Program Overview

A 7-month program (March–September 2026; invitation-only March–August, open capstone September) for ministry-designated teams focused on childhood cancer control integration & implementation

## Why Attend Office Hours?

- Gain an overview of the NCCP iCAYA series engaging **70 Ministry-designated teams from 39 countries across all 6 WHO regions**
- Hear insights from the 2023, 2024, and 2025 cohorts, including:
  - ✓ Gaining support from the ministry of health
  - ✓ Defining teams and setting country-specific goals
  - ✓ Applying lessons from NCCP iCAYA sessions to accelerate progress, including how to implement the CureAll approach aligned with the Global Initiative for Childhood Cancer targets for 2030

WHO Collaborating Centre  
For Childhood Cancer
